

Parenting the Love and Logic Way

Parents want to enjoy their kids, have fun with them, and enjoy a less stressful family life. You want your kids to be well prepared for life, and you know this means kids will make mistakes and must be held accountable for those mistakes. Parenting the Love and Logic Way will teach parents how to

- Avoid un-winnable power-struggles and arguments
- Stay calm when their kids do incredibly upsetting things
- Set enforceable limits
- Avoid enabling and begin empowering
- Help their kids learn from mistakes rather than repeating them
- Raise kids who are family members rather than dictators
- And much more!
